

WHAT IT IS

EPiIC Advising is long-horizon judgment, on call. Where consulting delivers a defined project and coaching develops the leader, advising is an ongoing relationship — a trusted thought partner senior leaders and boards return to across the arc of a tenure, a transition, or a strategic cycle.

THE PROCESS: INTENT → RESULTS

BEST FOR

Leaders navigating a sequence of high-stakes decisions who need a steady, informed voice in the room — not a single project engagement.

WHO IT'S FOR

- ◆ Presidents and senior executives who want a steady, informed sounding board
- ◆ Boards navigating governance decisions, transitions, or oversight questions
- ◆ Leaders facing a sequence of high-stakes decisions rather than a single deliverable

WHAT'S INCLUDED

- ◆ Ongoing strategic counsel, scoped to the engagement
- ◆ Presidential and board-level advising
- ◆ Judgment informed by 25+ years across higher education, mission-driven, and corporate sectors
- ◆ Continuity across a leader's full arc — not a single project

Scientist by training. Strategic thought partner by practice
